February 27, 2009

Dear Ms. Saunders:

Thank you for your interest in the Laboratory Supervisor 1 position in the Drug Laboratory Evidence Area. The selection committee enjoyed discussing the opening and your qualifications with you.

I am writing to inform you that you have not been selected for this position. I truly appreciate your enthusiasm, analytical skills and thoughtful insight into the strengths and weaknesses of the laboratory. I hope that you will continue to share them with me. I would also encourage you to continue to seek out leadership opportunities within the Drug Laboratory, as you are a valuable member of the Drug Laboratory team.

Sincerely,

Julianne Nassif
